

## COVID-19 Response

---

Omni Inventive Care is closely and continually monitoring the latest COVID-19 developments and wants to reassure you that, as always, the health and safety of our clients and employees remains our top priority.

Omni continues to follow COVID-19 related guidelines recommended by science-based Health Authorities including, but not limited to the World Health Organization, the US Centers for Disease Control and Prevention, State and Federal Departments of Health and Human Services, and the Douglas County Health Department.

In addition to following recommended guidelines, Omni has implemented a COVID-19 Disaster Preparedness Plan and will make necessary modifications as new information becomes available.

Consistent with that Plan, Omni will continue to serve individuals in our community and take every precaution to ensure that our services remain available throughout the COVID-19 crisis.

Insofar as official health authorities frequently modify recommendations in response to rapidly changing COVID-19 developments, this statement may also be modified to reflect those changes.
